

# JAERO Japan Atomic Energy Relations Organization

Noriaki SAKAI , Itaru TAKAHASHI , Yousuke NAITO , Natsuki NAGATA , Yukinori MASAKI

JAERO is a general foundation that provides information to the education and general public, press, local government. The goal of JAERO is to disseminate knowledge on peaceful use of nuclear power energy.

JAERO was established in July 1969, provides workshops on nuclear power and radiation at various educational institutions by dispatching experts, conducts public opinion survey, holds seminars and symposia for the wide public.

As part of JVET (Japanese Volunteer's Expert Team), we participate in IAEA HRD (Human Resource Development) activities and support the Asia-Pacific region.
